His fish art decorates Simms T-Shirts, fly reels, coffee mugs, books, magazines and his original watercolors are always in high demand.

Although Jeff spends much of his time fly fishing for trout, he is a walking encyclopedia of fly fishing for species worldwide. He is constantly traveling and developing techniques for catching the most exotic fish imaginable in places where even the most avid adventurer refuses to go.

This IGFA World Record holder and National Fresh Water Fishing Hall of Fame Record holder has fished in over forty countries and caught over 275 species of fish on the fly!

Jeff has won several Best of the West Long Distance Fly Casting Competitions and competed throughout the world in fly fishing. Jeff's most recognized accomplishment was leading Team USA to its first ever top-ten finish in the World Flyfishing Championships in Jaca, Spain. During the competition Jeff managed to fool fish on every venue and placed third in the individual standings, becoming the only American ever to take home a medal in the twenty-eight year history of the Championships.

When not fishing, Jeff can be found lecturing throughout the United States and Canada on nearly every aspect of fly fishing. He demonstrates fly casting, teaches seminars on the basics to the advanced skills of fly fishing and presents many fly fishing destination programs ranging from his home waters in the Rockies to the most remote corners of the globe. Some of his shows take you to distant waters and a world of fly fishing that many don't know exists and will leave you in awe that such creatures can be enticed to eat a fly!

Jeff brings a sense of humor, enthusiasm, approachability and nearly forty years of fly fishing to wherever he goes.
